

STOP LIVING WITH STAINS

IRON TITAN™

The Iron Titan is specifically designed to go beyond the range of a water softener and tackle high levels of manganese, hardness and ferrous iron. The Iron Titan features a state of the art digital control valve with integrated motherboard. A built in meter keeps track of the volume of water used allowing cleaning based upon water usage or every 14 days. This results in a 40% increase in efficiency over traditional water softeners.
